## PROVEN SUCCESS

Alutiiq Business Services, LLC (ABS) has provided engineering, management, and technical support to the Army National Guard ESS Upgrade Program in all 50 U.S. states and four territories.

These seven separate prime contracts, with a total value of \$350M, have encompassed over 5,000 high profile, secure sites, including aviation sites, HQ buildings, comm facilities, arms & ammunition supply points, and various other key points of interest.

ABS's ESS support includes design, engineering, systems integration, Information Assurance (IA), acquisition, logistics, installation, maintenance, and life cycle support. Services include site surveys, threat and vulnerability assessments, engineering plans, Installation Design Plans, equipment and system procurement, hardware and software support, installation test and check-out, facility modification to support new equipment, operation and maintenance manuals, on-site/off-site training, system warranty, system maintenance and service, system operation, after-action and casualty reports, and as-built installation drawings.

**"Given what I know today about the contractor's ability to execute what they promised in their proposal, I definitely would award to them today given that I had a choice."**

*- Contracting Officer NSCW Indian Head EOD Technical Division*

## OUR CUSTOMERS

Alutiiq Subsidiaries are a Value Added Reseller for many security system vendors and manufacturers with Original Equipment Manufacturer (OEM)-certified personnel on staff.
