PROVEN SUCCESS

In 2014, Alutiiq Commercial Enterprises, LLC was awarded USDA's Agricultural Research Service (ARS) Small Business Contractor of the year.

For five years in a row, 2011-2015, our team on the Naval Air Weapons Station (NAWS) China Lake BOSS Contract received EXCEPTIONAL CPARs for Quality, Schedule, Cost Control, Management, and Regulatory Compliance.

For more than 10 years, we have formed partnerships with Government customers to provide installation-wide support services. We routinely exceed customer expectations through a management approach that fosters open communication and teamwork. This approach yields tangible results in line with our philosophy of getting the job done quickly, efficiently, and cost-effectively. We provide 24/7/365 response and consistently identify and implement measures to help our customers reduce energy consumption, lower costs, and extend the life of their equipment.

"It was the smoothest BOSS transition I have been a part of..."
- Contracting Officer referencing \$172M NAWS China Lake contract

OUR CUSTOMERS

We have a reputation for solid, dependable performance supporting highly visible Government agencies in mission-critical environments.
