PROVEN SUCCESS

National Guard Bureau (NGB) Professional Administrative Support Services (PASS) Schedule IV: Alutiiq Pacific, LLC provided staff augmentation capabilities, which included more than 150 professional and administrative personnel across 36 different states within a two-year period.

NGB Youth Challenge Program: We provided more than 500 work products on-time and with zero errors.

Redstone Information Technology Services (RITS): Alutiiq Diversified Services, LLC provided a set of highly skilled engineers, system administrators, and architects for the Network Enterprise Center - Redstone (NEC-R) and its mission. Our fully trained system administrators supported more than 500 Windows and UNIX systems. Our network architects have extensive knowledge in operating and maintaining unclassified (NIPRNET) and classified (SIPRNET) networks. We deliver seamless and reliable enterprise-level Command, Control, Communications, Computers, and Information Management (C4IM) common-user services and warfighting support.

"Alutiiq always provided personnel with skill-sets to accomplish what is called for in the contract, so that no extensive guidance was required from its Government counterparts. "
