

**PROTECTIVE SERVICES**

Alutiiq Subsidiaries are full-spectrum Security Service providers supporting Government force protection operations globally and at some of our nation's most sensitive strategic locations. Our corporate leadership consists of former high-ranking and operationally experienced federal, state and local law enforcement, as well as military personnel.

**CAPABILITIES**

- » Emergency Management
  - » Electronic Security
  - » Law Enforcement
  - » Armed/Unarmed Guards
  - » Fixed-Site & Mobile Security
  - » Special Operations
- (Canine, Certified EMT Services, Marine Operations, UAS, etc.)

**PROVEN SUCCESS**

In November 2015, Alutiiq Advanced Security Solutions, LLC successfully transitioned 256 Armed Protective Officers in less than 3 weeks for the Pentagon Force Protection Agency (PFPA) Guard Services Contract.

Our PFPA customer has been extremely satisfied with our performance during this transition, evidenced by awarding multiple subsequent modifications, increasing magnitude and scope by 15%.

With a 13-year average of 1,200 highly trained and credentialed uniformed officers, we have mastered transitioning and managing security industry challenges. We are not only skilled at negotiating CBA and SCA-type contracts, but are also equipped to transition a unionized workforce that is geographically dispersed. Our position atop the Security Sector is a direct reflection of our commitment and approach to Quality. DHS's Federal Protective Services (FPS) PA contract recently recognized Alutiiq for our exceptional performance:

**"FPS Region 3 Pennsylvania won 'Region of the Year Award' by the Secretary of Homeland Security. It is an honor and could not have taken place if not for your due diligence on this contract. I thank you."**

*– Jodi J. Jordan, COR, U.S. Department of Homeland Security*

**OUR CUSTOMERS**

Alutiiq Subsidiaries also provide a complete suite of security services for the "Airbus US Manufacturing Facility" in Mobile, AL.
